i-DS³ plus

Your music, photos and videos for everyone, anywhere.

The i-DS³ plus features advanced drivers and patented circuitry to make your music sound its best, Composite and S-video outputs let you show off photos and videos from your video-capable iPhone or iPod on any TV monitor.

What it means to be from Boston.

First and foremost, Boston is an engineering company, and every Boston system is optimized to meet the highest performance standards (our own). Of course, performance is only one measure of value. So we're careful to build all our products with strict attention to everything from the choice of materials to the details of fit and finish. It's how we've been exceeding the expectations of serious listeners for more than thirty years.
